Downey,

See below for the information that Don Peay, founder of [Sportsmen for Fish and Wildlife](#), will bring up in his meeting with Secretary Zinke tomorrow when he meets with him privately at the dinner.

The attachments include: the economic impacts of hunting to the State of Utah and the areas in and around both national monuments; and photos of big game taken in the area.

Don will also mention his ties to Donald Trump Jr. He developed a relationship with Jr. during the campaign. They have been on several hunts together in Utah.

See you tomorrow.

###

Soon, interior Secretary Zinke will be touring Utah Monuments - Bears Ears and Grand Staircase for a review per Executive Order from President Trump

These 3.2 Million acres, thanks to modern conservation funding are now home to thriving herds of Elk, Mule Deer, Desert Bighorn Sheep, antelope, cougar, black Bear and wild turkey

These areas are lands of the 235 plus inch mule deer, 400 inch elk, 170 inch Rams, and most importantly places where thousands of families have enjoyed world class hunting adventures on public lands. It is the

place where many of our children have bagged their first turkey!

51,007 hunters apply for the permits in these areas - highly coveted opportunities! It generates at a Minimum \$29 Million in direct conservation funding, and economic activity. See attached.

The above data is supplied by Don Peay, Founder of Sportsmen for Fish And Wildlife, that has an MBA. It is the best data as supplied by the Utah DWR and knowledge of the hunting economies in these areas. See attached, any comments welcome. Very important to the American Sportsmen

**Subject: Economic and Hunting Interest In Monuments**

Just north of Lake Powell, a cross from the Bears Ears Border, lies the magnificent Henry Mountains, with mountain peaks reaching 10,000 plus feet

The mountain Range is home to the only free ranging, disease free Bison herd in North America. The Bison herd, and restoration of what now many consider the best mule deer herd in North America, are examples of Modern day Sportsmen and state agency Conservation efforts. More than \$1 Million of private sportsmen funds have been invested in the last ten years to grow and expand these herds. The Dept. of Interior recognized the Bison efforts last year.

There are opportunities to further expand these herds, and make this a Zinke and Interior Legacy project for elk, Mule Deer and Bison. Desert bighorn are scheduled to be added to the mountain as well.

This is a microcosm for the west. Massive habitat restoration, impacts of fires, finding win win solutions for conflicts between wildlife and domestic livestock, sportsmen funding, state wildlife agencies working cooperatively with Federal Agencies.

And in the end, healthy watersheds, local economic growth, and incredible hunting on Americas great public lands!

.....  
Don Peay
